## Guidelines

These Guidelines have been developed by the Historic District Commission to assist applicants. Each request will be reviewed individually by the Commission based on its own merit. Exceptions to these guidelines may be made by the Commission on a case by case basis. The examples used in the guidelines reflect buildings in the district which are Victorian, but alterations to a building should reflect the era in which the building was constructed.

The Historic District Commission uses the Secretary of the Interior's [Standards for Rehabilitation](#) as interpreted by the [Preservation Briefs](#). Copies are available at the Manistee County Historical Museum and the Planning & Zoning Department at City Hall.
