Fred MacDonald explained the funding of the MCCVB and the membership. Members were impressed with the building and the amount of information available to the visitors of our community. Mr. MacDonald said that they average 70 people a day at the Visitors Bureau.

Next the group took a tour of the new assisted living facility "Green Acres" on Twelfth Street. Members were treated to view the new facility including the dining area, kitchen facilities, laundry facilities and the room. This new building is beautiful and retains a "small town" flavor. Members were impressed and appreciated the tour.

Members than adjourned to 366 Ninth Street for refreshments.
